

Come home to savings with rebates from Evergy.

Make your home more energy efficient with product and service rebates that will save you money and energy for years to come.

Online Energy Assessment

Analyze your home energy usage. Find opportunities for efficiency. Build a customized plan. Save energy. Learn more at evergy.com/analyzer.

In-Home Energy Assessment Energy Savings Kit

A trained assessor will look for efficiency opportunities in your home, install free energy-saving items and detail suggested upgrades and rebates. Schedule an assessment today at evergy.com/freeupgrades.

In-Home Energy Audit

An Evergy-authorized contractor will complete a blower test and provide a detailed report of suggested upgrades that can qualify for Evergy rebates. Go to evergy.com/energyaudit for a list of authorized contractors.

Get started today.
